

# BRUYÈRE HEALTH CONSOLIDATED FINANCIAL STATEMENTS MARCH 31, 2025

#### KPMG LLP 150 Elgin Street, Suite 1800 Ottawa, ON K2P 2P8 Canada Telephone 613 212 5764 Fax 613 212 2896

# **INDEPENDENT AUDITOR'S REPORT**

To the Board of Directors of Bruyère Health Inc.

### Opinion

We have audited the consolidated financial statements of Bruyère Health Inc. (the Entity), which comprise:

- the consolidated statement of financial position as at March 31, 2025
- the consolidated statement of revenue and expenses for the year then ended
- the consolidated statement of changes in net assets (deficiency) for the year then ended
- the consolidated statement of cash flows for the year then ended
- and notes to consolidated financial statements, including a summary of significant accounting policies

(Hereinafter referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the consolidated financial position of the Entity as at end of March 31, 2025, and its consolidated statement of revenue and expenses, its consolidated statement of changes in net assets (deficiency) and its consolidated cash flows for the year then ended in accordance with Canadian public sector accounting standards.

### **Basis for Opinion**

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *"Auditors' Responsibilities for the Audit of the Financial Statements"* section of our auditors' report.

We are independent of the Entity in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Page 2

# Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Canadian public sector accounting standards and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Entity's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Entity or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Entity's financial reporting process.

### Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

• Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

• Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Entity's internal control.

Page 3

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting
  and, based on the audit evidence obtained, whether a material uncertainty exists related to
  events or conditions that may cast significant doubt on the Entity's ability to continue as a going
  concern. If we conclude that a material uncertainty exists, we are required to draw attention in
  our auditors' report to the related disclosures in the financial statements or, if such disclosures
  are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained
  up to the date of our auditors' report. However, future events or conditions may cause the Entity
  to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
- Plan and perform the group audit to obtain sufficient appropriate audit evidence regarding the financial information of the entities or business units within the group as a basis for forming an opinion on the group financial statements. We are responsible for the direction, supervision and review of the audit work performed for the purposes of the group audit. We remain solely responsible for our audit opinion.

# Year ended March 31

### 1. NATURE OF ENTITY

Bruyère Health ["Bruyère"] (formerly Bruyère Continuing Care Inc.) was incorporated in April 1996 under the Corporations Act of Ontario and is a registered charity under the Income Tax Act. Inspired by its founder, Mother Élisabeth Bruyère, Bruyère is a Catholic health care organization committed to improving the quality of life of its patients, residents, and tenants. Bruyère is sponsored by the Catholic Health Corporation of Ontario whose directors are Members of Bruyère.

Bruyère consists of Saint-Vincent Hospital ["SVH"], Élisabeth Bruyère Hospital ["EBH"] and Greystone Village ["GV"], which constitute the Bruyère Hospitals ["Hospitals"], the Saint-Louis Long-Term Care ["SL-LTC"] and the Élisabeth-Bruyère Long-Term Care ["EB-LTC"] which constitute the Long-term Care Homes ["LTC Homes"], Community Support Services ["CSS"], Bruyère Health Village ["Village"] and Bruyère Health Academic Family Medicine ["FM"]. Under the umbrella of FM includes both the Family Health Team and Diabetes Education Program which were incorporated under the name Bruyère Academic Family Health Team ["BAFHT"] on December 28, 2018.

### 2. SIGNIFICANT ACCOUNTING POLICIES

Bruyère is controlled by the Province of Ontario and is deemed to be a government not-for-profit organization under the Canadian public sector accounting standards. The consolidated financial statements have been prepared by management in accordance with Canadian Public Sector Accounting Standards for Government not-for-profit organizations ["PSAS-GNPO"] and include the following significant accounting policies:

### **Basis of presentation**

The consolidated financial statements include the accounts of Bruyère and BAFHT as a result of effective control. Intercompany balances and transactions between the entities have been eliminated from the consolidated financial statements.

# Year ended March 31

### 2. SIGNIFICANT ACCOUNTING POLICIES (continued)

#### **Financial instruments**

The classification of financial instruments is as follows:

#### Asset / Liability

Cash Trust assets	Fair value Fair value
Restricted cash	Fair value
Accounts receivable	Amortized cost
Accounts payable and accrued liabilities	Amortized cost
Trust liabilities	Fair value
Long-term debt	Amortized cost
Obligation under capital lease	Amortized cost
Asset retirement obligation	Amortized cost

This fair value option is available for any instrument, upon an irrevocable designation made on initial recognition.

An impairment loss is measured as the difference between the current carrying amount of the asset and the highest amount the entity expects to collect through the present value of future cash flows, the sale of the financial asset on the consolidated statement of financial position date and collection of collateral. Financial assets are assessed for impairment on an annual basis. When a loss is determined to be other than temporary, the amount of loss is reported in the statement of operations.

Transaction costs are expensed as incurred.

# Year ended March 31

### 2. SIGNIFICANT ACCOUNTING POLICIES (continued)

#### **Revenue recognition**

Bruyère follows the deferral method of accounting for contributions, which include donations and government grants.

**Hospitals**: EBH, SVH and GV hospitals are funded by The Province of Ontario, in accordance with the budget arrangements established by the Ministry of Health of Ontario ["MOH"] under the Public Hospitals Act and associated regulations. The funding is the object of a Service Accountability Agreement ["H-SAA"] which together with the Act, puts limits on the use of the funding. Bruyère is responsible for any deficit or surpluses. Once the accountability obligations have been met, surpluses can be recorded in Net Assets.

**LTC Homes**: EB-LTC and SL-LTC homes consist of 267 beds [EB-LTC - 69 beds; RSL - 198 beds] facility funded by the Ministry of Long-Term Care Home "MOLTC"] under the Long-Term Care Homes Act and regulations thereof. The funding is the object of a Long-Term Care Home Service Accountability Agreement – Multi Homes ["L-SAA EB-LTC" and "L-SAA RSL"] which together with the Act, puts limits on the use of the funding. The use of funds is allocated by specific envelopes that restrict its use and unused funds are subject to repayment. Bruyère is responsible for any deficit or surpluses in controlled envelopes that are returned to the MOLTC, except for the Other Accommodation envelope which can be recorded in Net Assets.

*Family Medicine:* Family Medicine supports an academic environment for the training of physicians, medical students and other allied health students in a family medicine setting. The Family Medicine is responsible for any deficit or surpluses which can be recorded in Net Assets.

On December 28<sup>th</sup>, 2018, both the Family Health Team and Diabetes Education Program were incorporated under the name of BAFHT. All assets and liabilities, statement of financial position of this corporation are consolidated within the consolidated financial statements of Bruyère Health as Bruyère controls the organization.

**CSS**: Bruyère operates Community Support Services programs that are funded by the MOH under the Connecting Care Act and regulations thereof. The funding is the object of a Multi-Sector Service Accountability Agreement ["M-SAA"] which together with the Act, puts limits on the use of the funding. Any surpluses are the object of repayments to the MOH and deficits are the responsibility of Bruyère.

**Bruyère Health Village:** The Village provides a continuum of services, bridging the gap between independent living and long-term care. The Village offers 78 units for independent living, 45 of which are affordable housing funded under the Canada / Ontario Affordable Housing Plan. In addition to the 78 units, another 149 units are fully assisted living apartments partially funded by the MOH. Bruyère is responsible for any deficit or surpluses which can be recorded in Net Assets.

# Year ended March 31

### 2. SIGNIFICANT ACCOUNTING POLICIES (continued)

#### **Revenue recognition (continued)**

not received at the end of an accounting period are accrued. Where a portion of a grant relates to a future period, it is deferred and recognized in that subsequent period. Unrestricted contributions are recognized as revenue when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured.

Externally restricted contributions are deferred and recognized as revenue in the year in which the related expenses are incurred.

Restricted investment income earned on unspent capital contributions is recognized as an increase in deferred contributions related to capital assets. Unrestricted investment income is recognized as revenue when earned.

Revenues are recognized in the year in which the underlying transaction or event occurred, performance obligations fulfilled, and future economic benefits are measurable and expected to be obtained.

Related party transactions in the normal course of operations are recorded at the exchange amount.

#### **Contributed services**

A substantial number of volunteers contribute a significant amount of their time each year to assist Bruyère in carrying out its services. Because of the difficulty of determining the fair value, contributed services are not recognized in the consolidated financial statements.

#### **Contributed capital assets**

Contributions received in the form of capital assets that will be amortized are deferred and recognized as revenue on the same basis as the amortization expense related to the contributed capital assets. Contributions received in the form of capital assets or funds for the purchase of capital assets that will not be amortized are recognized as a direct increase in net assets.

#### Inventories

Pharmacy's inventories are valued at the lower of weighted average cost and net realizable value. Other inventories are valued at the lower of weighted average cost and replacement cost.

# Year ended March 31

### 2. SIGNIFICANT ACCOUNTING POLICIES (continued)

#### **Capital assets**

Capital assets are recorded at cost and amortized on a straight-line basis using the following rates:

Land improvements	5 – 25 years
Building	20 – 40 years
Building service and equipment	5 – 20 years
Equipment under capital lease	20 years
Major equipment	5 – 25 years
Software	5 – 15 years

Land is not amortized due to its infinite life.

Construction in progress and software under development assets are not amortized until the projects are complete and the assets are put into use.

Bruyère capitalizes eligible interest costs incurred during the construction of its projects.

#### Impairment of long-lived assets

Long-lived assets are reviewed for impairment whenever events or changes in circumstances indicate that their carrying amount may not be recoverable. An impairment loss is recognized when the asset no longer has long-term service potential. The amount of the impairment loss is determined as the excess of the carrying value of the asset over its residual value.

#### Funds held on behalf of others

Bruyère holds resources and makes disbursements on behalf of various unrelated individuals or groups. Bruyère has no discretion over such transactions. Bruyère also administers trust funds on behalf of patients and pursuant to trust agreements, which are subject to restrictions. Resources received in connection with such trust funds are reported as trust assets and liabilities. Transactions related to these funds are not reported as revenue or expenses of Bruyère.

# Year ended March 31

### 2. SIGNIFICANT ACCOUNTING POLICIES (continued)

#### Post-employment and post-retirement benefits

Bruyère provides defined retirement and other future benefits for substantially all retirees and employees. These future benefits include life insurance and health care benefits. Bruyère accrues its obligations for employee benefit plans as the employees render the services necessary to earn the benefits. The cost of post-employment and post-retirement benefits earned by employees is actuarially determined using the projected benefit method pro-rated on service and management's best estimate of the discount rate, retirement ages of employees, expected health care costs and other actuarial factors. The accrued benefit obligation is measured for accounting purposes as at March 31<sup>st</sup>. Actuarial gains and losses arising in a year are amortized into future years' expenses over the average remaining service period of active employees. Past service costs arising from a plan amendment are recognized as incurred. The average remaining service period of the active employees covered by benefit plans is 10 years [2024 – 10 years].

Bruyère is an employer member of the Healthcare of Ontario Pension Plan ["HOOPP"], which is a multi-employer defined benefit pension plan. Bruyère has adopted defined contribution plan accounting principles for the Plan because insufficient information is available to apply defined benefit plan accounting principles.

#### **Asset Retirement Obligation**

An asset retirement obligation is recognized when, as at the financial reporting date, all of the following criteria are met:

- There is a legal obligation to incur retirement costs in relation to a tangible capital asset;
- The past transaction or event giving rise to the liability has occurred;
- It is expected that future economic benefits will be given up; and
- A reasonable estimate of the amount can be made.

The liability for the removal of asbestos in several of the buildings owned by Bruyère has been recognized based on estimated future expenses on buildings being demolished and closure of the site.

The liability is discounted using a present value calculation and adjusted yearly for accretion expense. The recognition of a liability resulted in an accompanying increase to the respective tangible capital assets. The increase to the building is being amortized in accordance with the depreciation accounting policies outlined in capital assets.

#### Foreign currency translation

Transactions in foreign currencies are translated into Canadian dollars at the rate of exchange in effect at the transaction date. Financial assets and liabilities denominated in foreign currencies are adjusted to reflect the rates of exchange in effect at the consolidated statement of financial position date.

# Year ended March 31

### 2. SIGNIFICANT ACCOUNTING POLICIES (continued)

#### Use of estimates

The preparation of the consolidated financial statements in accordance with PSAS-GNPO requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as at the date of the consolidated financial statements and the reported amounts of revenue and expenses during the reporting period. The more significant areas requiring the use of estimates include the estimated useful life of capital assets, the fair market value of contributed capital assets, recoverability of receivables, the amount of certain accrued liabilities, potential retroactive union settlements as well as the assumptions underlying the post-employment benefits and post-retirement benefits calculations. Bruyère's implementation of PS 3280 Asset Retirement Obligations has resulted in the requirement for management to make estimates regarding the useful lives of affected tangible assets and the expected retirement costs, as well as the timing and duration of the retirement costs including discount rate and inflation factors. Actual results could differ from these estimates.

	354,845,486	100,138,362	254,707,124

Bruyère conducts an analysis of its capital assets which have no carrying value and for which no amortization has been recorded for the past 10 years. The cost value for these items, along with their accumulated amortization have been removed from Bruyère financial statements and amounted to \$7,754,030 [2024 - \$nil].

The remeasurement of the asset retirement obligations resulted in an increase of \$599,984 in the buildings net book value for the year-end March 31, 2025 [2024 \$487,468]:

	March 31, 2025	March 31, 2024
Asset Retirement Obligation	\$	\$
Balance, beginning of year	8,605,788	8,364,330
Amortization expense	(260,782)	(246,010)
Remeasurement adjustment at year-end	599,984	487,468
Balance, end of year	8,944,990	8,605,788

# Year ended March 31

### 6. RESTRICTED CASH

Restricted cash for long-term obligations reflects Bruyère's practice to designate assets required for future obligations, as follows:

	March 31, 2025 \$	March 31, 2024 \$
Capital and contingency replacement funds [note 13c]	2,196,626	2,404,242
Restricted Cash - Village	1,000,000	1,000,000
	3,196,626	3,404,242

As of March 31, 2025, Bruyère is obligated to restrict excess cash flows generated by the Village up to the amount of \$1 million [2024 - \$1 million]. The usage of these funds in the debt service reserve account is subject to Ontario Infrastructure Lands Corporation ["IOLC"] consent and approval.

### 7. FUNDS HELD ON BEHALF OF OTHERS AND ASSOCIATED LIABILITIES

Trust assets and liabilities represent the aggregate balance of cash held for third parties. Changes in the trust balance for the year are as follows:

	March 31, 2025	March 31, 2024
	\$	\$
Balance, beginning of year	1,133,515	997,906
Contributions received during the year	725,194	796,083
Disbursements made during the year	(671,190)	(660,474)
Balance, end of year	1,187,519	1,133,515

### 8. ACCOUNTS PAYABLE AND ACCRUED LIABILITIES

	March 31, 2025 \$	March 31, 2024 \$
Accounts payable related to vendors	17,923,050	24,215,446
Employee/employer remittances payable	3,647,153	2,872,075
Accrued salaries & wages - general	5,364,829	482,877
Accrued salaries & wages - under negotiation	4,042,912	1,912,944
Vacation benefits payable	13,199,331	12,973,559
Other accrued benefits	1,383,247	1,668,914
Other accrued liabilities	806,538	743,409
	46,367,060	44,869,224

# Year ended March 31

### 9. LONG-TERM DEBT

	March 31, 2025 \$	March 31, 2024 \$
Village Debenture - Phase II	36,468,620	37,508,392
Village Debenture - Phase I	11,741,161	11,947,886
	48,209,781	49,456,278
SCO loan	_	20,000
Total long-term debt	48,209,781	49,476,278
Less current portion of long-term debt	(1,295,878)	(1,266,497)
	46,913,903	48,209,781

The repayments of principal of the long-term debt for the next five years and thereafter are as follow:

TOTAL	48,209,781
Thereafter	41,196,177
2030	1,513,806
2029	1,456,100
2028	1,400,600
2027	1,347,220
2026	1,295,878

#### Financing agreement – Bruyère Health Village

Through fiscal years 2012-2016, Bruyère entered into financing agreements ["Village Construction Loan"] for the construction of the Bruyère Village ["Phase I" and "Phase II"] with IOLC for a total of \$57,446,319.

#### Village Debenture – Phase I

On August 1, 2013, Bruyère converted \$13,668,750 [Construction loan – Phase I] to a fixed rate debenture. The debenture is for 20 years, amortized over 40 years with a 4.30% semi-annual rate [4.34% monthly equivalent] with monthly principal and interest payments of \$59,703.

#### Village Debenture – Phase II

On March 1, 2017, Bruyère converted \$43,777,569 Village Construction Loan – Phase II to a fixed rate debenture. The debenture is for 20 years, amortized over 30 years [starting April 1, 2017] with a 3.81% annual rate with monthly principal and interest payments of \$204,234.

As at March 31, 2025, Bruyère is in compliance with all the covenants of the financing agreement.

\$

# Year ended March 31

### 9. LONG-TERM DEBT (continued)

#### IOLC Security for Village Debenture – Phase I and Phase II

IOLC has a freehold charge/mortgage and assignment of rents against the Phase I lands with carrying value of \$3,147,729 [2024 - \$3,147,729] and a first ranking mortgage/charge on Phase II lands with a carrying value of \$3,000,000 [2024 - \$3,000,000].

### Sisters of Charity of Ottawa ["SCO"] loan

In fiscal year 2014, Bruyère entered into a financing agreement with the SCO in the amount of \$1,200,000 for the purchase of 85 Primrose Avenue in Ottawa, Ontario. The loan was interest free, reimbursable on a monthly payment of \$10,000 until May 1, 2024.

### 10. OBLIGATION UNDER CAPITAL LEASE

In late fiscal year 2013, Bruyère started planning the construction of a Combined Heat and Power System [Co-Gen] at SVH.

On July 2015, Bruyère signed a lease agreement with Royal Bank of Canada [RBC] to finance up to \$2,500,000 of the equipment costs. Bruyère amended its credit facility on June 22, 2016, to add an additional \$500,000 bringing its facility to \$3,000,000 [\$3,390,000 incl. taxes]. By executing this agreement, Bruyère [Lessee] shall lease the Equipment under capital lease from RBC [Lessor] for a term of 108 months [effective June 29, 2017 until May 29, 2026] with an option to purchase for \$1 after all rentals have been paid. The blended monthly lease payments are \$36,117, bearing interest of 3.23% and secured by the equipment under capital lease with a net book value of \$1,986,855 [2024: \$2,139,690]. The obligation under capital lease is presented as follow:

	March 31, 2025 \$	March 31, 2024 \$	
Obligation under capital lease	906,379	1,304,209	
Principal repayment during current fiscal year	(410,617)	(397,830)	
Obligation under capital lease	495,762	906,379	
Less current portion of obligation under capital lease	(423,814)	(410,617)	
	71,948	495,762	

	\$
2026 2027	423,814 71,948
TOTAL	495,762

# Year ended March 31

### 11. DEFERRED CONTRIBUTED RELATED TO CAPITAL ASSETS

Deferred contributions related to capital assets represent the unamortized amount and unspent amount of grants and donations received for the purchase of capital assets and the contributed capital assets. The amortization of deferred contributions related to capital assets is recorded as revenue in the consolidated statement of revenue and expenses.

The changes in the deferred contributions balance for the year are as follows:

	March 31, 2025 \$	March 31, 2024 \$
Balance, beginning of year	146,663,475	148,407,398
Capital grants and donations received	5,153,995	5,081,870
Amortization of deferred contributions	(7,053,250)	(6,825,793)
Balance, end of year	144,764,220	146,663,475

The balance of unamortized and unspent capital contributions consists of the following:

	March 31, 2025 \$	March 31, 2024 \$
Unamortized capital contributions	144,482,455	143,996,854
Unspent capital contributions	281,765	2,666,621
	144,764,220	146,663,475

# Year ended March 31

### 12. NET ASSETS

[a] Net assets invested in capital assets is calculated as follows:

	March 31, 2025 \$	March 31, 2024 \$
Capital assets [ <i>note 5</i> ] Less amounts financed by:	254,756,111	254,707,124
Unamortized capital contributions [ <i>note 11</i> ]	(144,482,455)	(143,996,854)
Total asset retirement obligation [note 17]	(11,846,821)	(10,772,833)
Total debt [ <i>note</i> 9]	(48,209,781)	(49,476,278)
Total obligation under capital lease [note 10]	(495,762)	(906,379)
	49,721,292	49,554,780

[b] The net change in net assets invested in capital assets is calculated as follows:

	March 31, 2025 \$	March 31, 2024 \$
Purchase of capital assets	10,048,688	9,880,868
Amounts financed by deferred capital contributions:		-,,
Capital grants and donations received	(5,153,995)	(5,081,870)
Changes in unspent capital contributions	(2,384,856)	(1,043,088)
Amounts financed by long-term debt		
and obligation under capital lease:		
Repayment of obligation under capital lease	410,617	397,830
Repayment of long-term debt	1,266,497	1,319,002
Accretion expense	(474,004)	(403, 193)
Amortization of deferred contributions	7,053,250	6,825,793
Amortization of capital assets	(10,599,685)	(10,222,787)
	166,512	1,672,555

[c] IOLC requires Bruyère to transfer 4% of the monthly gross income from the Village operations, into a Capital and Contingency Replacement Fund ["CCRF"]. The CCRF is for the exclusive purpose of major capital maintenance overhaul deemed necessary by both Bruyère and IOLC or debt service obligations. Any use of the CCRF shall require prior written consent by IOLC. The amount transferred in the year was \$350,592 and \$558,208 was utilized [2024 - \$344,927 was transferred; utilized \$nil].

# Year ended March 31

### 13. RELATED PARTY TRANSACTIONS

Bruyère exercises significant influence over the Bruyère Health Foundation Inc. ["the Foundation"] and the Bruyère Health Research Institute Inc. ["BRI"], with the cross appointment of ex-officio board members as required by the by-laws of the individual corporations.

The Foundation and BRI are separate corporations, whose financial information is reported on separately. The net assets and results of operations for these entities are not included in Bruyère's consolidated financial statements.

#### Bruyère Health Foundation Inc.

The Foundation was established to raise funds in support of the financial goals of Bruyère and its related entities. The Foundation is incorporated under the Corporations Act of Ontario and is a registered charity under the Income Tax Act. During the year, Bruyère received donations of \$1,467,695 [2024 - \$4,041,440] from the Foundation. In addition, the Foundation donated gifts-in-kind to Bruyère, which were recorded by Bruyère at no value. Bruyère provided the Foundation with financial, human resources and information systems services as well as occupation cost at an exchange value of \$54,000 [2024 - \$52,800], based on cost and ability to pay. All revenue and expenses of the Foundation are initially respectively received and paid by Bruyère. Included in accounts receivable as at March 31, 2025 is \$4,884 [2024 payable - \$91,289].

#### Bruyère Health Research Institute Inc.

BRI was established to promote, support and carry out research towards maximizing independence and fostering exemplary care in long-term, complex continuing and in end-of-life for the elderly. BRI is incorporated under the Corporations Act of Ontario. Bruyère supported BRI's overhead with a contribution of \$1,000,000 [2024 - \$1,000,000]. All revenue and expenses of BRI are initially respectively received and paid by Bruyère. Included in accounts receivable is \$200,385 [2024 - \$114,659].

# Ottawa Regional Hospital Linen Services Incorporated, Champlain Health Supply Services Inc.

Bruyère is a founding member of the Ottawa Regional Hospital Linen Services Incorporated ["ORHLS"] and Champlain Health Supply Services Inc. ["CHSS"]. ORHLS and CHSS were established to provide laundry and procurement services, respectively to member hospitals on a cost-of-service basis.

For the year ended March 31, 2025, Bruyère disbursed \$1,727,432 [2024 - \$1,671,805] to ORHLS for laundry services and \$158,170 [2024 - \$121,715] to CHSS for procurement services. These amounts have been included in supplies and other expenses in the statement of revenue and expenses.

# Year ended March 31

### 13. RELATED PARTY TRANSACTIONS (continued)

# Ottawa Hospitals Food Association ["OHFA"] [formerly Hospital Food Services - Ontario, Inc. ["HFS"]]

Bruyère was a founding member of Hospital Food Services – Ontario Inc. ["HFS"]. HFS was established to provide food services, respectively to member hospitals on a cost-of-service basis.

On May 13, 2019, the Board of Directors of HFS finalized the sale of substantially all of its assets to a third party purchaser. As unanimously agreed upon by the Member Hospitals and the Board of Directors of HFS, the net proceeds of the HFS sale were distributed to each of the member Hospital's respective Foundations. Effective on the date of sale, HFS changed its operating name to Ottawa Hospitals Food Association ["OHFA"].

Also, as part of the closing conditions, Bruyère committed to purchase food products through an agreed upon supply agreement for three years ending May 2023.

On July 11, 2023, the Board of Directors of OHFA approved a motion to distribute \$2,930 [February 27, 2023 - \$366,826] to the member hospital Foundations based on their share. This represented the final distribution to member hospitals of amounts remaining. The Bruyère Foundation share of the distribution is 22.13% [2024 - 22.13%], and the Foundation received a donation of \$648 in July 2023.

### 14. PENSION PLANS

The majority of Bruyère employees are members of the Healthcare of Ontario Pension Plan ["HOOPP"], which is a multi-employer defined benefit pension plan available to all eligible employees of the healthcare community. Contributions to HOOPP made during the year by Bruyère on behalf of its employees amounted to \$11,128,653 [2024-\$10,793,049] and are included in the consolidated statement of revenue and expenses within the benefits contributions.

Pension expense is based on HOOPP management's best estimates, in consultation with its actuaries, of the amount required to provide a high level of assurance that benefits will be fully represented by fund assets at retirement, as provided by HOOPP. The funding objective is for employer contributions to HOOPP to remain a constant percentage of employees' contributions.

Variances between actuarial funding estimates and actual experience may be material and any differences are generally to be funded by the participating members. The most recent actuarial valuation of HOOPP as at December 31, 2024 indicated HOOPP is fully funded.

# Year ended March 31

### 14. PENSION PLANS (continued)

Unionized employees of the SL-LTC are members of the Nursing Homes and Related Industries Pension Plan which is a multi-employer contributory pension plan. Contributions to this plan made during the year by Bruyère on behalf of its employees amounted to \$376,982 [2024 - \$391,467]. A group RRSP plan is also offered to non-unionized employees of the SL-LTC. Contributions to this plan for the year totaled \$78,670 [2024 - \$53,927]. Contributions made by the employer on behalf of employees of the SL-LTC are included in the statement of revenue and expenses within the benefits contributions.

### 15. POST-EMPLOYMENT AND POST-RETIREMENT BENEFITS

Post-employment benefits are comprised of vested sick leave.

Post-retirement benefits are comprised of extended health care, dental benefits and life insurance benefits for retired employees. The cost of the life insurance is covered entirely by Bruyère. Bruyère covers 50% or 75% of the extended health care and dental benefits premiums depending on the union and/or the age of retirement.

An actuarial valuation was performed as at December 31, 2022 for both the post-retirement and sick leave benefits plans. The results were extrapolated to March 31, 2025, and were used to develop the expense for the period from April 1, 2024 to March 31, 2025.

The next required actuarial valuation will be performed as of December 31, 2025.

These benefits are recorded in the consolidated statement of revenue and expenses as a component of salaries and wages for \$171,100 [2024 - \$168,700] and as a component of benefit contributions for \$733,100 [2024 - \$723,500].

Accrued liability is as follows:

	Post-employment benefits March 31, 2025 March 31, 2024		Post-retireme March 31, 2025 M	
	\$\$		\$	\$
Accrued benefit liability				
Balance, beginning of year	1,872,000	1,854,000	5,090,600	4,962,700
Benefit cost for the year	171,100	168,700	733,100	723,500
Benefit payments	(379,400)	(150,700)	(592,400)	(595,600)
Balance, end of year	1,663,700	1,872,000	5,231,300	5,090,600

# Year ended March 31

### 15. POST-EMPLOYMENT AND POST-RETIREMENT BENEFITS (continued)

The benefit cost includes:

	Post-employment benefits		Post-retirement benefits March 31, 2025 March 31, 202	
	March 31, 2025 March 31, 2024 \$ \$		<b>March 31, 2025</b> Ma	\$ s
Current service cost Interest cost on accrued	85,200	81,100	390,000	371,900
benefit obligation	71,800	71,100	198,400	202,100
Amortization of actuarial loss	14,100	16,500	144,700	149,500
Benefit cost	171,100	168,700	733,100	723,500

The reconciliation of the accrued benefit obligation to the accrued benefit liability is as follows:

	Post-employment benefits		Post-retirement benefits	
	March 31, 2025 March 31, 2024		March 31, 2025 March 31, 20	
	\$\$		\$	\$
Accrued benefit obligation	1,730,700	1,946,800	5,528,700	5,123,000
Unamortized actuarial loss	(67,000)	(74,800)	(297,400)	(32,400)
Accrued benefit liability	1,663,700	1,872,000	5,231,300	5,090,600

The key actuarial assumptions used to determine the accrued benefit obligation are:

	Post-employment benefits March 31, 2025 March 31, 2024		Post-retirement benefits March 31, 2025 March 31, 2024	
	\$	\$	\$	\$

years for gain & loss	5.00	5.00	10.00	10.00

# Year ended March 31

### 16. LINE OF CREDIT

Bruyère has an available unsecured line of credit of \$2,400,000 [2024 - \$2,400,000], bearing interest based on the bank prime rate minus 0.75%, renewable annually. As of March 31, 2025, Bruyère had no draws from the line of credit and had no Letter of Guarantee drawn [2024 - \$nil] against the line of credit. The remaining balance of \$2,400,000 [2024 - \$2,400,000] is available to support Bruyère's cash flow requirements.

### 17. ASSET RETIREMENT OBLIGATION

Bruyère owns and operates several buildings that are known to contain asbestos, which represents a health hazard upon demolition and for which there is a legal obligation to remove.

On March 31, 2025, Bruyère remeasured its liability with the revised building construction price indexes for asbestos removal and discounted rate of 4.25% [2024 - discount rate of 4.40%]. Changes to the asset retirement obligation in the year as follows:

	March 31, 2025	March 31, 2024
Asset Retirement Obligation	\$	\$
Balance, beginning of year	10,772,833	9,882,172
Accretion expense	474,004	403,193
Remeasurement adjustment at year-end	599,984	487,468
Balance, end of year	11,846,821	10,772,833

### **18. COMMITMENTS AND CONTINGENCIES**

[a] Bruyère is committed to several equipment leases and maintenance and service agreements, which expire on various dates. The minimum amounts payable over the five years until March 2030 are as follows:

	\$
2026	4,054,880
2027	2,655,337
2028	1,390,469
2029	1,153,331
2030	347,479

[b] During the normal course of operations, Bruyère is involved in certain employment related negotiations and other matters and has recorded accruals based on management's estimate of potential settlement amounts where these amounts are reasonably determinable and deemed likely to occur.

# Year ended March 31

### **19. CAPITAL MANAGEMENT**

Bruyère includes net assets invested in capital assets and unrestricted net assets (deficiency) in the definition of capital.

In managing capital, Bruyère focuses on liquid resources available for operations. Bruyère's objective is to have sufficient liquid resources to continue operating despite adverse financial events and to provide it with the flexibility to take advantage of opportunities that will advance its purposes. The need for sufficient liquid resources is considered in the preparation of an annual budget and in the monitoring of cash flows and actual operating results compared to the budget. As at March 31, 2025, Bruyère has met its objective of having sufficient liquid resources to meet its current obligations.

Bruyère is also subject to external restrictions through long-term debt and CCRF. As at March 31, 2025, Bruyère was in compliance with all the covenants of the financing agreements [note 9].

### 20. FINANCIAL RISKS

#### Fair value

The fair values of accounts receivable and accounts payable and accrued liabilities approximate its fair value due to the relatively short period to maturity of these instruments.

#### Fair value hierarchy

Financial instruments are grouped into Levels 1 to 3 based on the degree to which fair value is observable:

- Level 1 fair value measurements are those derived from quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2 fair value measurements are those derived from inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and,
- Level 3 fair value measurements are those derived from valuation techniques that include inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The fair value hierarchy requires the use of observable market inputs whenever such inputs exist. A financial instrument is classified to the lowest level of the hierarchy for which a significant input has been considered in measuring fair value.

Cash, trust assets and liabilities as well as the restricted cash are classified as level 1 financial instrument.

### 20. FINANCIAL RISKS (continued)

#### Financial instrument risk management

#### Credit risk

Credit risk arises from the potential that a counterparty to an investment will fail to perform its obligations. Concentrations of credit risk exists when a significant proportion of investments are invested in securities with similar characteristics or subject to similar economic, political or other conditions.

Bruyère is exposed to credit risk on its accounts receivable. The maximum exposure to credit risk is the carrying value reported in the consolidated statement of financial position. Credit risk is mitigated through collection practices and the diverse nature of amounts with accounts receivable.

The accounts receivable from the Government, due to the nature of the counterparty, bears no risk to Bruyère.

Bruyère considers receivables to be past due when they are over 90 days old. At March 31, 2025, the balance of receivables over 90 days is \$339,573 [2024 - \$529,893]. Of this amount, \$286,165 [2024 - \$460,223] is related to amounts due from patients and \$53,408 [2024 - \$69,670] is due from other parties. Bruyère does not consider these amounts to be impaired. Bruyère actively manages and monitors these receivables balances. As of March 31, 2025, an impairment allowance which totals \$1,018,615 [2024 - \$925,968] is set up against other receivable based on individual analysis basis.

There have been no significant changes from the previous year in the exposure to risk or policies, procedures and methods used to measure credit risk.

#### Interest rate risk

Interest rate risk is the potential for financial loss caused by fluctuations in fair value or future cash flows of financial instruments due to changes in market interest rates.

There is a risk to Bruyère's earnings that arises from fluctuations in interest rates and the degree of volatility of these rates. To effectively manage this risk, Bruyère entered into two successive fixed rate debentures [see note 9 Village Debenture Phase I – 40 years amortization and Village Debenture Phase II – 30 years amortization] and entered into a fixed rate obligation under capital lease [see note 10].

There have been no significant changes from the previous year in the exposure to risk or policies, procedures and methods used to measure interest rate risk.

### 20. FINANCIAL RISKS (continued)

#### Liquidity risk

Liquidity risk is the risk that Bruyère will not be able to meet all cash flow obligations on a timely basis as they come due, or at a reasonable cost. Bruyère mitigates this risk by monitoring cash activities and expected outflows through extensive budgeting and cash flow analysis.

Bruyère has reported financial deficits in each of the last three years, including the current year, with Bruyère's budget for the year ending March 31, 2026, reflecting a forecasted financial loss. As a result of these losses, the Hospital has incurred a reduction in its working capital and net asset position. This has resulted in an increase in Bruyère's liquidity risk in the year.

Management has identified a number of factors that have contributed to its recurring operating losses, including but not limited to the funding shortfall in current base funding, the impact of recent wage settlements, inflationary pressures, aging buildings and financial pressures resulting from patient volumes and acuity.

Bruyère continues to identify and consider opportunities to address these financial challenges. In the short term, the Hospital intends to rely on temporary financing through its existing credit facilities, ministry cash advances and cost savings resulting from efficiency measures.

As a result of its ongoing financial deficits, Bruyère has an increased level of reliance on the Ministry of Health and Ontario Health to assist in meeting its operating and capital requirements at current levels. Bruyère will require sufficient and timely funding from the Ontario Ministry of Health to fulfil its obligations on a timely basis and at a reasonable cost.

Almost all accounts payable and accrued vacation and overtime pay mature within one year. The maturity dates of long-term debt and the obligation under capital lease are disclosed in note 9 and 10 respectively.

There have been no significant changes from the previous year in the exposure to risk or policies, procedures and methods used to measure liquidity risk.

Bruyère has no significant exposure to currency risk and other price risk.
