Saint-Louis Residence is a francophone long-term care home located in an enchanting setting on the banks of the Ottawa River in Orléans, Ontario. It is accredited by Accreditation Canada.

With the support of residents and families and in close cooperation with Bruyère Continuing Care, the health care professionals at Saint-Louis Residence strive to help all of our residents to function to the best of their ability-physically, socially, emotionally, mentally, and spiritually. We also provide specialized services for patients with dementia.

Our respite program has two short-term care beds available to seniors for periods ranging from one week to one month in order to lighten the load for their caregivers.

We provide three types of accommodations: private rooms, semi-private rooms, and wards. Our rates are set by the Ontario Ministry of Health and Long-Term Care.

We encourage you to personalize your room by bringing some personal effects with you that are appropriate for the available space.

By personalizing their rooms, our residents feel more at home.

Our day program allows seniors who live in the community to partake in social activities from Monday to Friday.

We also provide:
